

A.R.A.N.A

*American River Area Narcotics Anonymous*

April 5, 2010

To Whom It May Concern,

American River Area Narcotics Anonymous has collectively decided, during the COVID-19 pandemic, to not endorse physical gatherings as official NA meetings. We are reaching out to communicate this decision to facilities in which our fellowship normally meets, because it may impact liability for your facility. Our Regional insurance policy covers only meetings which are officially endorsed by our fellowship, and this does not extend to any gatherings in the American River Area at this time, regardless of the presence of Narcotics Anonymous members or literature at a gathering.

We have attached a flyer which can be placed at your facility, which includes information about how to access locally hosted virtual NA meetings by internet or by phone.

Please feel free to contact me with any questions you may have.

Sincerely,

*Jennifer L.*
